(By R. S. C.)

THE FRIENDS BALLOT opportunity... WHICH IS IN EFFORT until tomorrow night... SHOULD INDUCE YOU to apply your best efforts... TOWARD THE WINNING of either ranking... SEVERAL OF THEM because who can tell... BUT THAT THESE FRIENDS BALLOTS may... MAKE ALL THE DIFFERENCE to you... REGARDING THE PRIZE you will win... THERE ARE ONLY a few more days... IN WHICH you can have to secure them... WHEN WE TELL YOU that collectively nothing... HAS BEEN DONE as a whole... DURING THIS PERIOD as yet nothing... BUT STATING OF WHAT IS... THERE ARE A FEW who have done fairly well... WHEN COMPARED with what the others have done... BUT IF JUDGED by what consistently usually do... IN SIMILAR CONTESTS, the best... HAS ACCOMPLISHED comparatively nothing... WE ARE NOT SURE that... IN THE BELIEF that any one of our contestants... WILL ALLOW US TO DISCHARGE THEM but rather... THAT IT WILL ACT AS AN extra incentive... FOR THEM TO PUT FORTH more of an effort... WHILE IT WILL DO THEM no more good... AN EAGERLY ESTABLISHED hard working candidate... CAN ACCOMPLISH WONDERS in the few hours... THAT STILL REMAIN, in which they can win... A MAGNIFICENT CABINET of silverware... BEFORE THE FRIENDS BALLOTS and take advantage... OF THE SECOND PERIOD vote of votes... BE SURE AND BRING IN or send in... EVERY BIT OF BUSINESS you can secure... BEFORE 9 P. M. tomorrow, Saturday, June 17th... BUCKLE DOWN TO BUSINESS and make... THE REMAINING HOURS ones to be proud of... THE BALANCE OF YOUR LIFE... SOME OF OUR CONTESTANTS are under the impression... THAT WE WILL DOUBLE or triple... THE PRESENT VOTE SCALE during the last week... OF THE CONTEST. We know that is customary... IN MOST CONTESTS, but this one is different... IF ANY of our contestants think this... CAN BE HOLDING BACK any subscriptions... IN THE BELIEF that they will receive more votes... LATER IN THE CONTEST than they can secure now... THIS ARE GOING TO BE sorely disappointed... BECAUSE they will never again... RECEIVE MORE VOTES than you now are secured... THIS IS POSITIVE AND FINAL. If our contestants... HAD CAREFULLY READ our opening announcement... THEY WOULD REALIZE how impossible... IT WOULD BE FOR US to change the vote scale... AT THIS LATE DAY. We must insist... THAT ANY CONTESTANT who is holding subscriptions... TURN THEM IN at the very first opportunity... SO ANY NEW ONES can be started... AND PROPER CREDIT GIVEN to the old one... THIS WILL PERHAPS ACCOUNT why more business... HAS NOT BEEN DONE on the contest to date... DON'T STOP TO WORRY about what... THE OTHERS MAY HAVE. Let them do the worrying... BECAUSE YOU CAN BANK ON IT that they... ARE WORRYING ABOUT YOU, as much and possibly more... THAN YOU HAVE BEEN about them... EVERY MOMENT is doubly precious to you now... AND YOU CAN'T AFFORD to lose one of them... AT LEAST, it is foolish to be idle... WHILE THESE SPLENDID OPPORTUNITIES are available... WHEN MENTIONING OPPORTUNITIES we mean... THOSE IN FORCE during this period... THE SECOND PERIOD VOTE SCALE; the friend's ballot... THE SEVEN CABINETS of silverware... ANY ONE OF WHICH may win your our REG. BAR... WHEN YOU'LL THANK US AND WELL THANK YOU

## Production and Marketing Hens Claiming Attention of Experts

There are many ways of handling the production of the Standard Department of the Texas A. & M. University... The method used for some time and which has shown great promise of wider adoption, is as follows: Morning, a grain ration consisting of a variety of grains, wheat, corn, buckwheat, etc., is prepared in deep litter to give the hens a very necessary... At night they are given two green feed, which consists of alfalfa or clover or alfalfa, corn silage, cabbage, or any other stuff that can be obtained... All are good and a great help to egg producers. For their final feed, feed corn, wheat and cracked all they will eat up clean.

**Chicken Mites**  
The red mite is one of the greatest enemies of the poultry raiser. This is a spider-like insect and is very common. Its habits are usually different from those of the mite which is often confused with it in the dark during the night. It is found in the cracks and under the roosts. As mites they crawl up the bird and gorge themselves with blood.

The following is a list of the following treatment for the extermination of mites. The treatment must be applied not to the bird, but to the nesting quarters. The interior of the house should be sprayed thoroughly with a good disinfectant. It is an excellent disinfectant which will destroy the mites. **When You Wake Up Drink Glass of Hot Water**  
Wash the poison and toxins from system before putting more food into stomach.  
Says inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast. This is not only important because the skin pores do not absorb impurities from the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated by day it quickly ferments and generates poisons, gases and toxins which are absorbed or soaked into the blood stream, through the lymph ducts which should only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast, each day, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and freshening the entire alimentary canal by putting more food into the stomach.

A quarter pound of limestone phosphate is not only the best store for it is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have faded tongue, bad taste, nasty breath, yellow complexion, others who have nervous attacks, acid stomach or constipation, are assured of pronounced improvement in both health and appearance shortly.
